Since living fashionably starts at home, we thought the tremendously stylish Northgate would be the perfect setting for this fashion shoot. It is our firm belief that your style of domesticity is every bit as important as the sartorial choices that you make every day when you set forth into the world. This brings up a difficult conundrum: when your home is as grand as your fashion sense, how do you choose when to stay in and enjoy your surroundings, and when to venture out in the world to show off your impeccable taste?
